Information Sharing Statement

Information Sharing

Information for families with children enrolled in funded kindergarten program

Each year, kindergarten providers collect information about the families and children enrolled at their services. This includes sessional kindergarten and long day care services that offer a kindergarten program. This information may be shared with the Department of Education (the department).

How the department uses your information

The department uses your information to:

- work out how much funding to pay to your service to help it deliver the kindergarten program.
- plan any changes to funding and supports for services and families and help local councils plan their early childhood services.
- link kindergarten information with other Victorian Government information to help plan supports for Victorians. Data linkage is done in a safe way to make sure that your child's name is not linked to the enrolment information used for analysis.
- complete the Annual Kindergarten Census and meet national reporting obligations. Some enrolment and attendance information is shared with the Australian Bureau of Statistics so that it can report on the numbers of children attending kindergarten in Australia each year. This information is anonymous, meaning your child's name is not shared.
- help academic researchers study part of the childcare or kindergarten system in Victoria. If those researchers are approved, they may have limited access to anonymous information. Identifiable information is only shared if parental consent has been provided.

Any agency or researcher, whether it's the Australian Bureau of Statistics, or a researcher at a university, must meet strict criteria on how they use and store this information, even when it's anonymous.

Information sharing

Occasionally, data needs to be shared without making it anonymous.

In Victoria, Free Kinder is available in funded kindergarten programs. Many children receive Free Kinder through their long day care service. Accessing Free Kinder means that those families will have their long day care out-of-pocket fees reduced.

To do this, some information about those children is shared with the Australian Government including the child's name, gender and Free Kinder funding amount received from the Victorian Government.

If you receive the Child Care Subsidy (CCS), the Australian Government already has most of that information. Sharing this information with the Australian Government simply lets them know that your child is attending a state-funded kindergarten program and the amount of Free Kinder offset applied to your fees.

Information may also be shared with an organisation engaged by the department to monitor and ensure that families are receiving the full benefit of Free Kinder.

The department must share information that is not anonymous where required by law.

Privacy policies

All information is handled in accordance with the Department of Education's [Privacy Policy](https://www.vic.gov.au/department-of-education-privacy-policy) (see: [vic.gov.au/department-of-education-privacy-policy](https://www.vic.gov.au/department-of-education-privacy-policy)) and relevant privacy legislation including the *Privacy and Data Protection Act 2014 (Vic)* and the *Health Records Act 2001*.
